We welcome to our office staff Kleyton Feitosa, who joins us September 1 as Director of Ministries Development and Evangelism Coordinator. In this new role, he will focus on working with our medium and smaller churches to help them develop a model for growth. A native of Brazil, Elder Feitosa is fluent in Portuguese, English, and Spanish. He came to Chesapeake in 2005 to pastor the Waldorf, Maryland, church. He has endeared himself to the Waldorf congregation, and the church has grown under his capable leadership. He is currently pursuing a Doctor of Ministry degree in Evangelism and Church Growth. Elder Feitosa's wife, Delma Feitosa, is an educator and counselor, but is presently a full-time mom. The couple has two little boys, Derek, age 5, and Malton, age 3.

The Spencerville church is celebrating good news in these challenging economic times. The cost projection for the building of the new Spencerville Adventist Academy decreased significantly. The church began raising funds in 2005 when original costs were estimated at $12.5 million. By April 2008, the estimate had increased to $17.5 million due to higher industry costs and changes required by Montgomery County. By April 2009, the estimated cost escalated to $18.85 million due to further requirements by the county. A groundbreaking ceremony was held on April 19, 2009, and site work began in preparation for the building. The developer met with the building committee in July and presented the final cost to be $15.2 million, thus reducing the projected costs by about $3 million. The building will be larger with better features for less cost. Truly God has guided in this process. You can track the progress of the project online at www.spencervillesda.org (Select Building Blog).

One-day Mission Conferences continue to be planned for 2009 and 2010. The one originally scheduled for the Western Region this fall has been postponed in order not to conflict with the major evangelistic programs taking place in the greater Hagerstown area. Plans are underway for four such conferences beginning with the Eastern Region in October; the northeast corner of the conference in the late fall or early winter; a young adult or adult conference in the Baltimore/Washington corridor next spring, and a Western Region conference at the traditional camp meeting time next summer. While this approach understandably has its critics, it is being implemented in an effort to reach more of our membership while keeping the overall expense at a more reasonable level than our traditional camp meeting.

The **Office of Education** will in-service conference teachers and administrators August 4-6 in the ENVoy model of classroom management and the North American Division's REACH (Reaching to Educate All Children for Heaven) program designed to equip educators to effectively meet the needs of diverse populations of students. The REACH Resource Manual is designed to help teachers identify the unique learning needs of students—whether they are accelerated learners or students with disabilities—and develop appropriate accommodations to enable them to succeed in the classroom.

The **FLAG Camp program**, a six-week summer day camp series hosted by churches in the central and eastern regions, and sponsored by the Youth Ministries department, has just completed its second season. We extend our deepest sympathy to Princess Hawk, a valued member of the faculty of Crossroads Adventist School in Ellicott City, Maryland, and her two young children. Princess’ husband, Walter, died July 31 of a sudden illness. Please join us in prayer for the family and the school community during this sad and difficult time.

Conference Finances at a glance—through the month of June our tithe receipts are showing a 6.4 percent gain as compared to the same period in 2008. Seven of the eight conferences within the Columbia Union are showing a gain but only two unions across the division are showing overall gains – Columbia Union and Southwestern Union. Nearly half of the conferences within the NAD are experiencing a loss for the first six months of the year. We are thankful for the continued evidence of Chesapeake’s faithful members even in these challenging economic times. Conference leadership is working to keep expenses in line with our budget and, though encouraged by our tithe trend, we are not taking anything for granted.

Mission Trip to Africa—The North American Division (NAD) Office of Education is sponsoring a mission trip to build a new school at Maluti Adventist Hospital in Lesotho, Africa. Some students are now having classes in steel shipping containers and warehouses. There are a few openings that have not been filled with students, and the NAD is looking for individuals who would like to go and be part of this exciting missionary venture. The cost is $3,000 per person, which covers airfare, transportation, an African wildlife trip in Kruger National Park, as well as food and lodging. There are four dates open: August 10-24, September 7-21, September 14-28, and September 21-October 5. If you would like to participate in the trip or contribute to the project, contact Larry Blackmer at larry.blackmer@nad.adventist.org, or (301) 680-4441.
